

ILLINOIS FARMERS BUYING HOLSTEINS

Purebreds Average \$131 and
Grades \$104 at Rock
County Auction.

With Illinois farmers the best
buyers, fair prices were paid at the
fall sale of the Rock county Hol-
stein association Wednesday after-
noon when 52 purebred cattle
brought \$8.157, an average of \$131
and 11 high grades sold for \$114.5,
an average of \$104. The sale, to a
marked degree, indicates the differ-
ence in the present prices between
high grade dairy cattle and the
purebreds.

It was the first time Rock coun-
ty has offered both grade and reg-
istered stock and a good percentage
of the buyers were interested in the
grades with cow testing association
records.

A yearling bull—King Woodbine
Filly Abbecker—with a world re-
cord cow on the sire's side and a
former Wisconsin milk champion in
the dam, consigned by J. W. Gold-
thorpe, topped the sale for \$250
going to J. W. Marti, Burlington,
Wis. Three of the bulls offered
sold at fair prices but most of the
others went below the \$100 mark,
bringing down the average price.

The good cows sold from \$15 to
over the \$200 mark, the top being
Philly Payne Walker, owned by E.
Earl Palmer, Lake Geneva and sell-
ing to S. A. Johnson, Rock county.
As has been true at many previous
sales, the highest priced stock sold

in Rock county and southern Wis-
consin. The top grade cow, bred by
Paul Brothers, Janesville, sold to
P. M. Reed, Lily Lake, Ill.
There were around 600 attending
the auction, one of the best crowds
in the history of the Rock county
Holstein sales.

Among the buyers at the auction
were: E. L. Benedict, Beloit, Sr. J.
Weber, Lockport, Ill. Henry Butz,
Maple Park, Ill. Harry Ellsworth,
Elkhorn, Wis. Stenke and Muts-
chow, Beloit, Wis. H. P. Paul, Mil-

TONG WAR WON'T HIT JANESVILLE, CHINESE BELIEVE

None of Janesville's Chinese is a
member of a tong and does not fear
being involved in the tong war that
has gripped the principal cities of
the United States with several fatal-
ities resulting.

At least that was the impression
gained by a reporter assigned by the
city editor to get an interview with
some of the Mongolians who run the
laundries and chop suey houses of
the city. And interviewing a Chin-
man is not by far the easiest assign-
ment given a reporter. They know
enough English to conduct their
business, know the American system
of money, but their knowledge of
English is lacking when it comes to
carrying on a conversation on war or
anything similar.

English and Chinese mixed form a
new language hard to understand.
Their pronunciation is with a nasal
twang and musical.

"Are any Chinese in Janesville
members of any of the tongs that
are involved in the war being waged
in the larger cities?" was the ques-
tion asked Wong Hoy, of the Cozy
Inn restaurant.

"No—tong in big cities—none
here," said Wong Hoy. The reporter
understood him after he repeated it
two or three times. Mr. Wong went
on to point out, with the reporter
doing the best to follow him, that
tongs are organized in the big cities
where large sums are collected by
the leaders "who stick it in their
pockets."

Sam Lee, the laundryman next

door, suggested the police keep a
lookout for strange Chinamen
"Might carry guns," Mr. Lee said,
or something similar.

**LUECK ASSAILS
MARKETING DEPT.**
[BY ASSOCIATED PRESS]
Milwaukee—The state depart-
ment of markets was assailed by Judge Mar-
tin J. Lueck, democratic candidate for
governor, as a political machine per-
forming no work beneficial to farm-
ers, in an address before the Co-
operative club here Wednesday. The
candidate declared the department
cost the taxpayers \$132,315.18. If
elected to the office he seeks, Judge
Lueck said he would reorganize the
bureau and place a man in charge
who understood farmers' problems.

Happy Is The Mother when the baby is well

Constipation is the bane of babies. Prevent it with half a teaspoonful of Dr. Caldwell's Syrup Pepsin

It requires no long experience in the bringing up of children to understand that food waste must pass out of the system promptly, and so the intelligent mother will watch the baby's stools.

In infancy the child should have two or three passages in 24 hours, and in childhood one of two. Less than that will soon tell in canker sores, coated tongue, foul breath and restlessness. As these signs develop, promptly give half a teaspoonful of Dr. Caldwell's Syrup Pepsin, and in a few hours the symptoms will vanish.

Thousands of mothers have reared proud families with no other medicine than Syrup Pepsin, for it has relieved their families of constipation for thirty years. Rev. Mary F. Malcolm, Belle River, Ill., and Mrs. James Richmond, Sterlingville, N. Y., have had great success with it and constantly urge others to use it.

Here you have a laxative ideally suited to family purposes, as it acts gently and without griping, is exceptionally pleasant to take, and contains no opiates or narcotics.

The formula is clearly stated on every package and is a vegetable compound of Egyptian senna with pepsin and agreeable aromatics. A bottle, which can be had at any drug store, lasts a family month and costs an average of less than a cent a dose. Give one-half to a teaspoonful, according to age, for constipation, biliousness, loss of appetite, flatulence, belching,

and to ward off fevers and colds. You will be grateful to see your child have natural sleep without the use of opiates.

Use it yourself and give it to the adults in the family. There will be less sickness, less absence from work and school. When you see what Dr. Caldwell's Syrup Pepsin does for you you will discard pills and powders and salts and cooler drugs disguised in candy. A remedy like this, that sells over 10 million bottles annually, the largest sale in the world, must have superior merit. We guarantee it or refund your money.

Free Sample Bottle Coupon

There are people who very rightly prefer to try a thing before they buy it. Let them clip this coupon, pin their name and address to it, and send it to the Pepsin Syrup Co., 516 Washington Street, Monticello, Illinois, and a free sample bottle of Dr. Caldwell's Syrup Pepsin will be sent them postpaid by mail. Do not include postage. It's free.

COUNTY WILL TRY SNOW FENCE PLAN

Anti-Drift Experiments on Two
Cement Roads This
Winter.

An experiment will be made this winter with snow fences to prevent drifting on several of the important roads of Rock county, announces Highway Commissioner Charles E. Moore and the county highway committee. A mile of the prepared fence, slats on woven wire, has been obtained and the fence method will first be tried on the Janesville-Bridgton and Janesville-Portville roads.

Many northern counties of Wisconsin and Minnesota have employed this type of fence with great success in preventing drifts.

Construction work on route 20 west of Janesville will be completed within the next week or 10 days. The county force is now working these four miles of a mile of the route west of Oronville. The crew will make every effort to run through to the old route before closing down the paving plants.

Carthing work has been completed in Oronville and this road will be opened up within a short time. The new stretch between Portville across the swamp to the village of Oronville will probably be opened Saturday and that within the village of Oronville a short time later.

Plans for 1925.

"There is no authority for the report that the county will let the balance of the route 20 paving to Brookfield by contract next year," says Commissioner Moore. "The county board directed that we build the road to the Green county line and that is the way the matter stands. It is our plan to leave the machinery equipped as far as possible for an early start on the western section early next spring. Then we will start on route 21 east of Janesville."

WOMAN OF FORTY VICTIM OF CONSTIPATION

Mrs. Fannie White of 678 Marcy Avenue, Brooklyn, N. Y., writes:

"Almost every morning, for the last five years I suffered with sick headaches, I felt this was due to nervousness, never dreaming that faulty intestinal elimination caused my suffering. I felt wretched, my appetite was gone, I lost interest in preparing my meals, life was not worth living. A few days' treatment of Carter's Little Liver pills worked wonders. They

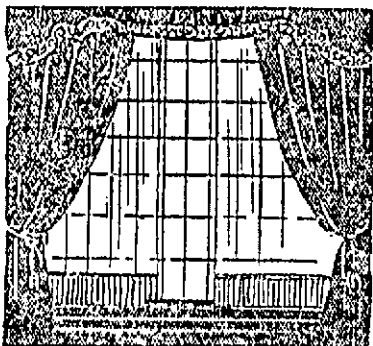

are small, easy to take—no griping—and leave pleasant after effects."

Are They Missing Life? Those who have never seen Florida

The fellow was just half right who said, "What one never had, he never misses." Florida is very much on

drab months of a year in another land. In two weeks down here you can create a reserve of happiness

the public tongue today. Some people want to go there because it's a distinction. But there is something far more intrinsic than distinction in a visit to Florida.

It's a land that revitalizes. Its mystic climate galvanizes the spirit—stern men play—sombre women laugh—and old age becomes a dim memory of the distant past.

Florida is not only a land of youth, of smiling suns and caressing breezes. It's a frame of mind. The golden hours of even a short visit here outshine the dull,

that will keep you in a genial frame of mind for the rest of the year.

Why not plan a trip to Florida? It's near—the railroad fare is not great—living expenses here need be no greater than at home—and there's no law against vacationing in the winter—that's a matter of planning.

We will be pleased to give you full details about a trip to any point in Florida.

Our booklet, "Florida" will give you valuable pointers. Send for it.

J. V. Lanigan, Gen'l Pass' Agent Illinois Central Railroad 502 Central Station, Chicago

DO YOU KNOW THAT—

In Florida you can wear roses, pick strawberries, and swim in the surf in December!

Florida has over 80 golf courses, many swept by ocean breezes. There are endless varieties of salt and fresh water game fish. Many people who intend to retire in Florida find the climate so agreeable that they get back into business.

During the winter Florida is the site of many championship sporting events including tennis, golf, polo, swimming and diving, horse races, dog races, motor boat races. It is only 31½ hrs. to Jacksonville, 44 hrs. and 50 min. to Miami, 40 hrs. to Tampa, 42½ hrs. to Sarasota and St. Petersburg from Chicago. Fares and other details on application.

The Seminole is the dependable all-year train to Florida. Leaves Chicago 9:10 p. m., connections for all Florida points. Thru sleeper to Tampa and Miami during season. The Floridan De Luxe train thru to Miami daily beginning December 1st with thru sleeping cars to Sarasota and St. Petersburg, is the finest and fastest to Florida. Leaves Chicago 12:25 p. m.

Get a Free Sample of Johnston's *Almond Short*

**FRIDAY
and
SATURDAY**

Enriched with Almonds— from Sunny Italy

AND baked from the purest ingredients in Wisconsin's wonder cookie-plant — that's Johnston's Almond Short, another of the famous Johnston cookies that we want you to sample.

You will like its crisp, crumbling freshness. You will enjoy its heartily-refreshing tastiness, with rich, meaty almonds generously blended in every piece. It's a cookie that the kiddies can't resist munching by handfuls. And grown folks, too, take many a sly trip to the pantry shelf for Johnston's Almond Shorts. You have sampled other Johnston cookies — we want you to sample this one, too. Your grocer has received a generous shipment to take care of all who call. Just step in and ask about Johnston's Almond Short—he will be pleased to have you try it.

Remember, Friday and Saturday are the days. Again we expect you as our guest to taste this new Johnston delight.
